

Release of RFQ for the Millwright's Concession

September 10, 2009

The Recreation and Park Department (the Department) is soliciting a concessionaire to operate a full-service restaurant within the Millwright's Cottage located in the western portion of Golden Gate Park. The Department envisions a restaurant prominently featuring locally and sustainably grown foods and that attracts visitors and residents from throughout the Bay Area.

The Department has issued a Request for Qualifications (RFQ) in order to identify a partner in operating the concession as well as making improvements to the interior of the cottage. The Department is currently completing a renovation of the cottage that includes a seismic stabilization and ADA improvements. As part of the RFQ process, the Department is seeking a partner with the capacity to make the necessary capital improvements to the interior to operate the facility as a restaurant. Upon conclusion of this process, the Department will enter into a ten-year lease for the operation of the facility with a possible extension if proved to be necessary to finance the improvements.
